

ASSIGNMENT FRONT SHEETS

Your Assignment should have a front sheet containing the following information -

- Your Name.
- Your Year Group.
- Module number.
- Assignment number/letter (if the module gives you a choice).
- Title of Assignment (in full).
- The date of sending the Assignment.
- Word count.

Your name and other details should **ONLY** appear on the front sheet, and **NOT** on any other pages of your Assignment.

The way in which you set out the details is your choice: all on the left, all on the right, centred down the middle of the page, with a picture or without – just make sure all the details are there!
